

Bactri-pit (1L)

Description

An all natural, environmentally friendly blend of multiple live microbials and enzymes. Bacti-Pit has been specifically formulated to reduce odours and improve the degradation of solid and liquid waste in various septic systems.

Features

- ✓ Odour Control
- ✓ Naturally Degrades and Reduces Organic Solids in Manure and Sewage Pits
- ✓ Improves Septic System Management
- ✓ Assists in Degradation of:
 - Cellulosic Fibre
 - Proteins
 - Fats in Waste

Application

- ✓ RV Septic Tanks
- ✓ Marine Septic Tanks
- ✓ House-hold septic systems
- ✓ Grey Water Tanks
- ✓ Outhouse Basins

Dosage Help

Use 30mL of Bactri-pit per 100L of waste.
